Designer & Independent Tours

**India-Nepal-Himalayas-Pakistan-Sri Lanka-

We are a small independent Travel Consultancy with many years of personal experience arranging tailor made tours in India, Pakistan, Nepal, Sri Lanka, Thailand, Philippines, Malaysia, China, Myanmar, Laos, Cambodia and Vietnam.

We provide a high quality service to independent travellers both before you travel and in the country you are visiting. Based on our experience we suggest itineraries and provide quotations for tours, hotels and sightseeing. An Acceptance Payment is payable to us when you are happy with the proposed arrangements and accept the quotation. The tour operator in your chosen country will make the arrangements and your contract will be with that operator. For your financial protection payment for the tour will be in two instalments directly to the operator. The first payment will be by bank transfer or credit card eight weeks before departure. The second will be on arrival at your destination by credit card or cash.

Before commencing our existing venture, we operated as Gateway To India & Asia for eight years until the company was sold. Sadly, that company is no longer in existence.

About Us

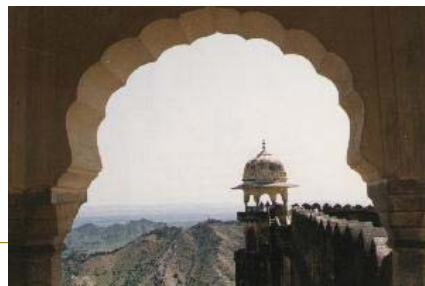

Stuart and Margaret Miller were, until recently, Tour Operators. Our company, Gateway to India & Asia, specialised in independent and tailor-made tours to India and other Asian countries. During our years as Travel Operators we gained a great deal of knowledge regarding traveller's needs and aspirations.

We have now decided to use our expertise to provide a Travel Consultancy service for independent travellers by arranging tours direct with the Tour Operator in the country concerned. This enables the tour to be sold at a greatly reduced price but still maintaining the high standards we have always provided.

We provide full advice and Tour Itineraries with Quotations for the following countries:

India, Pakistan, Nepal, Himalayas, Tibet, Sri Lanka, China, Thailand, Cambodia, Laos, Vietnam Philippines and Malaysia.

We are proud of our achievements in providing excellent service to all our clients. This high standard is reflected in the same way by our associate companies in each country.

All clients will contract directly with the Tour Operator in the country concerned and will obtain their own International Flights. In this way we can reduce costs for you but also ensure that you obtain the holiday you desire with a reputable operator in a country, with the highest standards.

Please contact us for a Quotation and discuss your plans. We will provide you with proposals and a full Tour Itinerary.
